CANDIDATES FOR THE MINISTRY.

Those contemplating entering the Christian ministry will here find arrangements made expressly to meet their wants. Whether intending or not to take a strictly professional course in the Theological school, they will find our elective courses a valuable preparation for pastoral study or for advanced standing in the Theological Seminary. For the Greek or Latin of the Junior year, the student may substitute the Hebrew language and Exegesis. For the preparation of the ordinary essay, the candidates for the ministry in the Junior and Senior years may substitute exercises in Homilitics, and other substitutions will be allowed, so far as they shall leave inviolate the collegiate course in its original purpose and plan, as *a course of general culture.*

With this same view, the *Translation* and *Interpretation* of the *Greek Testament*, will, to some extent, be substituted for the Classic Greek in the later years of the college course.

These arrangements have been made in view of the large and increasing number of candidates for the Ministry in constant attendance at the University. This department will be under the immediate care of the President and the Professor in Elocution.

MISCELLANEOUS.

This Institution was incorporated by a special Act of the General Assembly of the State of Tennessee, under the name of the East Tennessee Wesleyan University, in 1867.

LOCATION.

The University is easy of access—located at Athens, the seat of Justice for McMinn county, on the East Tennessee, Virginia and Georgia Railroad, half-way between Knoxville and Chattanooga.

For pure air, pure water and good health, this location is unsurpassed. The mountains in the distance are grand and picturesque. Athens is justly celebrated for the intelligence, culture and morals of her citizens.

EXPENSES AND PAYMENTS.

Tuition in Classical Collegiate Dep't per term of 5 m'ths	$18.00
Tuition in Preparatory Department " " " "	12 00
Tuition in Scientific Course " " " "	12.00
Tuition in Advanced Academic " " " "	10.00
Instruction in Music, per term of five months	20.00
Use of Piano per month	1.00
French and Drawing per term each	5 00
Incidental expenses for fires, etc. per term	2.00

The above charges are payable *invarably* in advance.

No deduction unless in cases of protracted sickness.

To all ministers in the regular pastorate, tuition in the solid branches at half rates.

Board in private families at $10.00 per month.

Dormitory rooms for those desiring to board themselves at 50 cents per month, furnished with heavy furniture. Students can board themselves at a cost of from 60 cents to $1.00 per week.

The Trustees propose to aid students in every possible way to lighten the expense of the school term, and constantly surround the pupil with a home-like influence.

GOVERNMENT.

The government of the Institution is mild, but firm, designed to be at once preventive and corrective. The character of the Institution always will and shall be vindicated; when mild discipline fails to reform the student, his connection with the University will be severed. *See By-Laws.*

DEGREES.

Degrees in the Arts are conferred in cursu only on those who have completed the Classical Course. The degree of Bachelor of Science is conferred on those who complete the Scientific or English Course. Any student, male or female, having completed either of the regular Courses of Study, will be entitled to a suitable diploma, on the payment of the usual fee, provided all dues of the College have been settled.

CO-EDUCATION OF THE SEXES.

We believe in God's plan in the creation, in the family, in the school. Ladies are admitted on the same terms as gentlemen to all Departments of the University, to all honors and privileges, and are eligible to the position of Trustee or Professor.

COMMERCIAL AND NORMAL.

The Institution now furnishes at very low rates, a practical business education in the departments of Book-keeping and Penmanship. The student, while pursuing these branches, has access to all the other departments of the College, and is thereby better off than in a regular Commercial College.

For the special purpose of aiding those who may desire to teach in the public schools of the country, a Normal Department has been arranged, in which instruction in the theory and practice will be given.

A PROPOSITION.

The Board of Trustees agree for the sum of $50.00 to furnish any student preparing for the ministry—not restricted to any denomination—free tuition, books and room rent for one entire school year, thus enabling poor but worthy young men to obtain an education at a nominal cost, and thereby fit themselves for the work of the Ministry. During the past year more than a score of such propositions have been responded to by our friends in the North.

Will not fifty persons respond to this proposition during the

coming year? There are fifty young men now pleading for aid. The only endowment we can boast of is the prayers and faith of our friends—the self-denial and indefatigable labors of the President and Professors.

RECITATIONS AND EXAMINATIONS.

Each student is expected to have not less than three, nor more than four studies at one time. Students are not allowed to receive instructions from any one outside the faculty.

There will be a Public Examination of all the classes at the close of each term—written or oral.

Students not present at the end of the term will be examined on their return, by written examimation, for class standing.

ATTENDANCE.

It is very desirable that students should be present at the opening of each term.

It is vital to the interests of the student and Institution that all should be scrupulously punctual at recitation and all other College duties. Whenever a student enters the Institution he is regarded as subject to its laws until his connection therewith is closed by graduation or otherwise. Any student leaving before the dlose of the term without permission, cannot re-enter as a student until he makes satisfactory amends to the Faculty.

LITERARY SOCIETIES.

There are two Societies for the males, the *Athenian* and *Philomathean*, and one for the females, the *Adelphian*, also a Theological Society. Each are already furnished with a small but choice library.

ECONOMY.

We desire to exercise the most rigid economy in every department. No extra uniforms required; a simple, plain and inexpensive wardrobe is all that is desired. We propose to make the cost of education at the University as low as any in the land.

Board and tuition have been reduced, and for a few, new dormitories have been erected.

RHETORICAL EXERCISES.

Exercises in Composition or Declamation are required of all the students once in two weeks.

The members of the College classes deliver original orations.

LECTURES.

Lectures are delivered each term by the President or members of the Faculty on various Scientific, Classical and Literary subjects. During the winter months a course of Lectures is usually given before the Literary Societies by distinguished men from abroad.

MERIT AND DEMERIT.

A daily record is kept of the scholarship, attendance and conduct of each student, an abstract of which is read publicly at the close of each term, and sent to parents and guardians when requested. In this record *five* demerit marks subject the student to private reproof, *ten* to public reproof, and *fifteen* to dismission.

The Provisions of the Institution are few and simple, and appeal to the student's self-respect, sense of right, personal responsibility and capabilities of usefulness and happiness.

NOTE.

All ministers of the Holston, Georgia, Tennessee, Alabama and Virginia Conferences are our agents.

Address all business communications to the Prenident, Athens, Tenn.

All donations for the purpose of aiding young men preparing for the ministry will be made direct to the President.

INSTRUCTION.

With respect to methods of instruction, it is the aim of the Faculty to secure the greatest possible freshness and variety con-

sistent with scientific system and thoroughness. We aim to select and use the best text and reference books in every department. It is intended however that the student shall do something more than merely memorize text books.

Whenever a branch of science or any study can be best taught by a fresh, original handling in the way of lecture or blackboard exercises, or by a Socratic method, or by a combination of any and all of these, the Professors will not shrink from additional labor. Everything possible shall be done to stimulate the student, and suppliment the work of the class room, throughout the entire University curriculum.

All the Text-Books and books of reference used in the Univeristy can be obtained at reasonable rates direct from the Faculty.

Elocutionary Exercises are required throughout the entire course.

Valuable prizes are offered for thorough scholarship and excellency of attainment in English Composition and Elocution.

DONATIONS.

We would make honorable mention of the names of parties aiding us during the past year. Mrs. E. A. Meharry, J H. Frey, Esq., Mrs. Adelia McCoon, Miss C. Snyder, Chas. Hill, L. A. Harris, Rev. Henry Baker, Rev. I. W. Fish, D. C. Porter, Mrs. F. W. Heath, Mrs. R. Elliot, G. W. M. Crook, Mrs. H. E. Lewis, Master G. Bowley Richardson, the brothers Jesse, Sam'l and David Meharry, J. B. GENERAL STATEMENT.

This Seminary is auxilary to East Tennessee Wesleyan University.

Ellijay is justly noted for the intelligence, temperance and morals of her citizens. Hence it does not afford the allurements to vice which many larger towns furnish.

The government of the school is intended lo be firm and decisive, without being tyranical.

Its location is an eminently healthy one, and it is surrounded by mountain scenery both beautiful and grand.

The building is commodious, well finished and amply furnished, and cost near seven thousand dollars.

Ellijay Seminary certainly furnishes excellent opportunities to young gentlemen and ladies who desire to prepare themselves for college, or to receive a practical education at small expense.

THE LACK OF PUNTUALITY.

Absence from class recitation without reasonable excuse; and insubordination in class room, in all cases shall effect a good standing of the students.

NOW ADDED A SUPPLEMENT OF OVER

4600 NEW WORDS AND MEANINGS.

These include such as have come into use during the past fifteen years —many of which have never found their place in any English dictionary before.

AND

A NEW BIOGRAPHICAL DICTIONERY

Of over 9700 names of Noteworthy Persons Ancient and Modern, [including many now living,] giving the name, Pronunciation, Nationality, Profession and Date of each.

☞In meeting names in reading, how frequently the thought is in mind, "Who was he? Where was he? What was he? and When was he?" This **NEW BIOGRAPHICAL DICTIONARY** in Webster, just answers these questions in brief.

PICTORAL DEFINITIONS.

For the great aid rendered by Pictures in defining, look at the following words in Webster, each defining by illustration the number of words and terms named:

BEEF, page 129....15	EYE, page 588.....11	RAVELIN, page 1087.....14
BOILER, p. 148.....17	HORSE, page 639.....45	SHIPS, p. 1164, 1219 110
CASTLE, p. 203..... 24	MOLDINGS p. 851.....10	STEAM ENGINE, p. 1292...20
COLUMN, p. 253,...26	PHRENOLOGY, p. 982..37	TIMBERS, page 1385.....14

Making 343 words and terms defined by the pictures under the above 12 words in Webster's unabridged, far better than could be done by any description.
